

NESSBE *Justice of Place* November 17, 2023

WHO IS CTGBC?

501(c)3 Non-profit organization - The mission of the Connecticut Green Building Council (CTGBC) is to accelerate the healthy, resilient, equitable, and sustainable transformation of Connecticut's built environment

Local chapter of the United States Green Building Council (USGBC)

Regional partner of the International Living Future Institute (ILFI)

Our membership includes professionals with diverse expertise including developers, contractors, planners, activists, architects, landscape architects, engineers, consultants, manufacturers, utilities, realtors, health professionals, academics and more.

WHAT IS NESSBE?

Northeast Summit for a Sustainable Built Environment (NESSBE) is a CTGBC flagship biennial regional summit to facilitate a conversation about sustainability in the built environment. Website: www.nessbe.net

This year's theme - Justice of Place: Energy and Environmental Justice in the Built Environment. Frontline communities are now experiencing the greatest effects of Climate Change. These communities face both an increased energy cost burden and an associated increased health burden due to environmental pollution and housing conditions. The intention of this summit is to explore the means and solutions for meeting this challenge in the built environment, lifting up our most vulnerable communities, while improving the quality of life for all CT residents.

NESSBE History: This event has been a regional draw, and the themes have been extremely prescient.
